

MEHU

Ethos

2024 HONG KONG SECONDARY SCHOOLS ESSAY COMPETITION

Participants are cordially invited to deeply delve into and thoughtfully explore a wide range of questions within the three contemporary themes that have been carefully selected to reflect the diverse specialties and expertise of our judges:

Medical Humanities

- How should healthcare narratives address the tension between hope and realism?
- How can literature and art enhance our understanding of patient experiences in healthcare?

Technology

- What do you think the patient-doctor relationship will look like in the future of AI?
- What is the role of international law in regulating genetic modification technologies?

Public Health

- Is there a right to healthcare, and if so, what does it entail?
- How can public health initiatives or legal measures be enhanced or developed to tackle vaccine misinformation?

Submission will be judged by a distinguished panel of HKUMed faculty members, honorary teachers, and the Ethos Editorial Board.

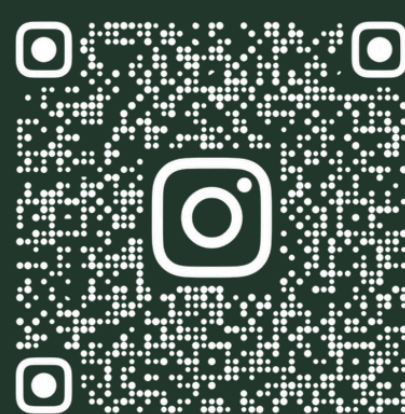

Deadline: Monday, 5th August 2024
